

IoT Workshop

Connected Raspberry PI & Arduino

The Physics Department, in collaboration with the LISTA and LESSI Laboratories, organizes a Workshop on Internet of Things, Connected Raspberry PI & Arduino.

Faculty of Sciences
Physics Department
(Amphi P)
December 27, 2018

ORGANIZATION Committee

MOHAMMED BENBRAHIM, FACULTY OF SCIENCE, FEZ
MOHAMMED NABIL KABBAJ, FACULTY OF SCIENCE, FEZ
ISMAIL BERRADA, FACULTY OF SCIENCE, FEZ
ISMAIL BOUMHIDI, FACULTY OF SCIENCE, FEZ

Internet of Things (IoT)

This workshop provides Hands-On experience in IoT with the help of various technologies.

You'll learn the fundamentals of using some devices such raspberry and arduino to build IoT products and services.

PROGRAM

09:30 - 09:45

Opening speech, Pr I. Boumhidi

09:45 - 10:45

Conference Internet of Things, Pr I. Berrada

10:45 - 11:00

Break

11:00 - 12:00

Conference Connected Raspberry PI & Arduino,
Pr M.N. Kabbaj

12:00 - 13:30

Break

13:30 - 16:30

Introduction to Arduino & Raspberry programming,
Pr M. Benbrahim, Pr M.N. Kabbaj, A. Hafian
