

NANO Workshop

Venue: The Department of Physics, University of Sidi Mohamed Ben Abdellah, Fez, Morocco.

Date: 07-10 May 2019

Day 1

Time	Activities
10:00-14:00	Theoretical Calculations and Computation
	<ul style="list-style-type: none">- Fundamentals and principles- Materials studies- Devices design and performance estimation

Day 2

10:00-14:00	Synthesis and Growth
	<ul style="list-style-type: none">- Fundamentals and principles- Synthesis and growth methods- Examples

Day 3

10:00-14:00	Nanocharacterization
	<ul style="list-style-type: none">- Fundamentals and principles- Nanocharacterization techniques- Examples

Day 4

Time	Activities
10:00-14:00	Devices fabrication and applications
	<ul style="list-style-type: none">- Fundamentals and principles- Clean rooms and facilities- Examples
