ABOUT ICDTA'22

Welcome to ICDTA'22 - The 2022 International Conference on Digital Technologies and Applications, to be held at the Faculty of Science, Laboratory LIMAS in Fez, Morocco.

ICDTA'22 is an international conference encourages quality, scientifically valid, original paper which presents a good understanding of scientific knowledge, experiments and theories, methods and techniques, as well as interdisciplinary linkages, in the field of Digital Technologies and Applications.

Prospective authors are encouraged to submit papers for evaluation by the Scientific Committee.

TOPICS

This year, the main themes will be Artificial intelligence and Internet of thing and their applications in several areas as energy systems, Power to x, Robotic, Automotive, Aerospace, Medicine, COVID'19, agriculture ...

In addition, other topics of Embedded systems, blockchain, industry 4.0 and their applications are also considered

Topics of interest include, but are not limited to:

- * Artificial intelligence and its applications
- * Internet of Thing
- * Embedded system
- * Big data and cloud
- * Machine and deep learning
- * Industry 4.0
- * Robotics and mechatronics
- * Human-machine teaming
- * Intelligent control
- * Smart Cities and Smart Grid
- * Renewable energy and Storage

The meeting will feature different types of presentations led by researchers and experts from the international community, including keynote speakers, special sessions, posters and tutorials.

THE MAIN DATES

- | | |
|-----------------------------|--------------------|
| - Paper submission deadline | September 30, 2021 |
| - Acceptance Notification | December 15, 2021 |
| - Camera ready | December 15, 2021 |
| - Registration | December 15, 2021 |

CONTACT US:

Badre BOSSOUFI (FSDM, USMBA, Fez, Morocco)

Saad MOTAHHIR (ENSA, USMBA, Fez, Morocco)

Email: icdta-conference2022@usmba.ac.ma

All accepted and presented papers under this conference (ICDTA'22) will be published in LNNS Springer series.

Lecture Notes
in Networks
and Systems
