

LM2A LABORATORY ORGANIZES OPEN SCIENCE DAY - 2026

UNDER THE THEME :

**SHARING KNOWLEDGE,
CONNECTING RESEARCHERS
AND STUDENTS,
AND ADVANCING SCIENCE**

TOPICS

- Green Hydrogen: Storage and Production
- Soft Matter, Colloids and Microemulsions
- Batteries and Electrolytes
- Materials for Optoelectronics and Photonics
- Dielectric and functional materials
- Medical Physics and Radioprotection
- Modeling, Simulation, and Artificial Intelligence (AI)

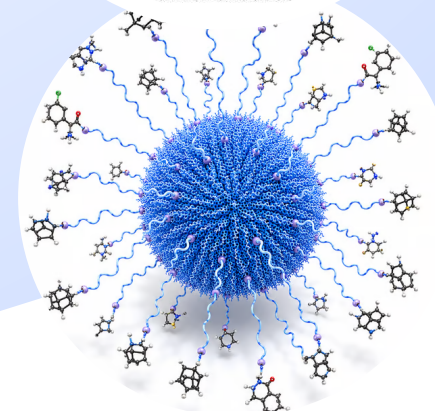

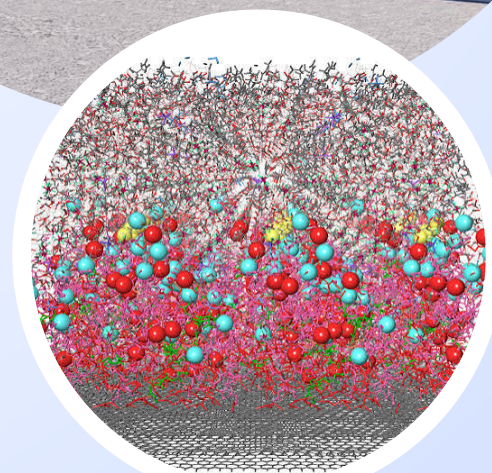

SPEAKERS

Professor Fouad Erchiqui
Université du Québec at
Trois-Rivières (UQTR),
Canada

Professor Mohamed Balli
International University
of Rabat (UIR), Morocco

THURSDAY
**9TH JULY,
2026**

9H00 – 17H00

SALLE
VISIOCONFÉRENCE
FSDM
